1. GENERAL INFORMATION

Interpretation, Application, Disclaimer, and other Important Information

These Guidelines are for the information and convenience of Applicants (as defined in section 3.1) to the Canada Media Fund (CMF). They provide an overview of the objectives of the CMF, the manner in which the CMF is administered, and information on typical administrative practices of the CMF. Compliance with these Guidelines is a prerequisite to eligibility for any CMF funding.

The CMF has full discretion in the administration of its programs and in the application of these Guidelines to ensure funding is provided to those projects that contribute to the fulfillment of its mandate. In all questions of interpretation of its Programs, Guidelines, Agreements and whether Applicants and/or Projects meet the spirit and intent of any CMF policy, the CMF interpretation shall prevail.

All Applicants and broadcasters (where relevant) must abide by the Accounting and Reporting Requirements (ARR) of the CMF and follow applicable business policies as created and amended from time to time. Business policies, including the ARR, may be found in Appendix B of these Guidelines and are also available from the CMF website at www.cmf-fmc.ca. Information included in Appendices A and B is an integral part of these Guidelines.

Projects that receive CMF funding in a given year are subject to the Guidelines and CMF policies in effect for that fiscal year. To be clear, changes to CMF Guidelines and/or policies made in a subsequent fiscal year will not apply retroactively, unless specifically stated. The CMF fiscal year is April 1 to March 31.

Please note: These Guidelines may be changed or modified as required, without notice. Please consult the CMF website at www.cmf-fmc.ca for the latest Guideline news and documentation.

Provision of Documentation

It is the responsibility of the Applicant to ensure that the CMF receives all relevant documentation, and to update such documentation and information after a material change. The CMF may request other documentation and information to conduct an assessment and evaluation of the project and, once assessed, to complete CMF file reviews. For the purposes of project assessment and evaluation, the CMF reserves the right to rely solely on the written and audiovisual materials initially submitted by the Applicant.

Failure to Comply

If an Applicant fails to comply with these Guidelines, as determined by the CMF, then the CMF may refuse the application, revoke the eligibility status of the Applicant's project and may demand repayment of any sums paid to the Applicant.

Misrepresentation

If, at any time, an Applicant, as required by the Guidelines or as requested by the CMF, provides false information or omits material information in connection with an application, the Applicant may suffer serious consequences. These may include, among other outcomes:

- Loss of eligibility for funding of the current project;
- Loss of eligibility for funding of future projects;
- Repayment of any funds already advanced, with interest; and/or
- Criminal prosecution, in the case of fraud.

These measures may be imposed not only on the Applicant but also on related, associated and affiliated companies and individuals (as determined by the CMF at its sole discretion). Any Applicant receiving approval for funding will be required to sign a legally enforceable agreement, which includes further provisions concerning misrepresentations, defaults, and related matters.

PERSONA-ID self-identification information

The PERSONA-ID self-identification allows individuals to disclose their demographic information directly and securely to the Canada Media Fund (CMF).

The CMF shall rely solely on the self-identification information associated with each individual's PERSONA-ID number to determine (as applicable) eligibility for Programs, exclusive reserved portions of Program budgets, Performance and Development Envelope credit, Evaluation Grid points and/or for statistical and analytical purposes.

All PERSONA-ID self-identification information in connection with the Project is provided in accordance with the [PERSONA-ID Terms of Use & Privacy](#).

For more information about PERSONA-ID, please visit the [CMF's PERSONA-ID page](#).

2. HOW THE SLATE DEVELOPMENT PILOT PROGRAM WORKS

HOW TO READ THESE GUIDELINES

Projects in the Convergent Stream may involve both a Television Component and one or more Digital Media Components. The eligibility and technical requirements for these two Components may be very different. In these Guidelines, sections dealing with requirements for the Television Component use “.TV” in their section number, and sections dealing with requirements for the Digital Media Component use “.DM”. Sections dealing with requirements for the entire convergent project – i.e., the Television Component and, where applicable, the Digital Media Component – simply use a section number without “.TV” or “.DM”.

2.1 INTRODUCTION

The Slate Development Pilot Program (the “SDPP” or “Program”), which forms part of the CMF’s Convergent Stream, is designed to offer more flexibility to Applicants and allow them to choose and fund their development Projects without the requirement of an attached Canadian Broadcaster (or other triggering entity).

Beginning in 2023-2024, the Program will award Slate Development Envelope (SDE) Allocations through a selective process where the CMF will evaluate Eligible Applicants (see section 3.1) according to an Evaluation Grid (see section 2.4) to determine where an SDE Allocation will be awarded.

For clarity, Applicants will no longer receive a notification from the CMF advising them that they have been automatically awarded an SDE Allocation. Instead, Applicants must apply using the List of Required Documents (<https://cmf-fmc.ca/document/list-of-required-documents-32/>) to demonstrate that they meet the eligibility criteria for this Program and funding will be awarded based on how they score in the selective process.

Applicants are ineligible to this Program in 2023-2024 if they received funding from previous Slate Development Pilot Program years (e.g., 2021-2022 or 2022-2023).

Applicants that are awarded funding through this Program will be entitled to commit to the development of up to 3 Eligible Projects (defined in section 2.3) and shall determine how their SDE Allocations are distributed between each Project.

Applicants that are awarded an SDE Allocation will receive 100% of the Allocation paid on signature of their SDPP contract with the CMF. In order for the CMF to track the specific amounts spent and confirm eligibility of each Project, successful Applicants will need to submit a separate final report for each Project funded by their SDE Allocations before the end of the 24-month period (as detailed in section 2.3.1 below). Any funds remaining in an SDE Allocation for which the CMF has not received a final report by the deadline will be removed and funds returned to the CMF.

The CMF budget for the SDPP is \$4,875,000 (2/3 in English and 1/3 in French).

At least 25% of the Program’s budget is exclusively reserved for Projects that meet the definition of “Indigenous or Racialized Community Applicants” in section 2.1.1.

In December 2023, with an additional \$500,000 allocation from the Government of Canada, the CMF will open a further Round of Slate funding aimed at Documentary and Children & Youth production in the French-language market.

Applicants will need to (i) meet the applicable eligibility criteria in section 3.1 of these Guidelines and (ii) apply by the new Program deadline in order to be eligible for this additional round of Slate funding.

Affiliated Programming, In-house Programming (see section 2.1.1), Projects with an existing commitment or attachment from a Canadian Broadcaster (see section 2.1.1), returning series and purchased formats are not eligible in this Program.

3.1. ELIGIBLE APPLICANTS

An Eligible Applicant to this Round of the Program is a production company that:

- a. Has not received funding from the Slate Development Pilot Program in 2021-2022, 2022-2023 or an earlier Round in 2023-2024;
- b. Meets the following applicable minimum reported gross sales requirements⁵;

For the December 2023 Round of Slate funding designated for the French-language market:

PROJECT LANGUAGE	PROJECT GENRE	MINIMUM REPORTED GROSS SALES TO THE CMF FOR PROJECT(S) FROM 2018 to 2022 (calendar years)
French	Children & Youth Or Documentary	\$10,000

*****NOTE:** The CMF will use the submitted sales document associated with the Application - using this form (<https://cmf-fmc.ca/document/gross-sales-declaration-2018-to-2022/>) and the Applicant's Dialogue account. The Applicant must submit documentation to demonstrate Gross sales reported with their application. The CMFPA will confirm Gross sales as reported in Dialogue for the period and will evaluate the track record of the Applicant for any failure to report that may place the Applicant in default.

The Applicant has a contractual obligation to provide the CMF with a complete gross sales report regarding the distribution of any CMF-funded Project, at the intervals specified in the Applicant's CMF Financing Agreement. The reporting obligation commences once the Phase II Payment has been disbursed. ***

- c. Has received a funding commitment from the CMF in the past 5 Program years (2018-2019 to 2022-2023) for at least:
 - one (1) development project and one (1) production project; **OR**
 - two (2) production projects.

For the purposes of these Guidelines, while the term Applicant **includes** all Related Parties (defined in [Appendix B](#)) associated, affiliated or parent companies and/or individuals (as determined by the CMF at its sole discretion), as applicable, it **excludes** all coapplicants and only the primary Applicant that meets the minimum qualifications listed in section 3.1 will be considered eligible for this Program.

An Eligible Applicant to the CMF is a for-profit (i.e., a taxable Canadian corporation, within the meaning of Canada's *Income Tax Act*) production company that:

- a) Is Canadian-controlled as determined in sections 26 to 28 of the *Investment Canada Act*.
- b) Has its head office in Canada.
- c) Is in good standing with all applicable talent and industry associations and guilds.

⁵ The projects required for the Applicant's minimum gross sales' requirement must be in the same genre.

- d) Has affirmed and attested that the Project(s) submitted for funding will comply with the [CMF's Narrative Positioning Policy](#).

AND

- e) All individuals that own and control the Applicant company have registered for a PERSONA-ID account(s) and have provided this account number as part of their Application.

3.2 ELIGIBLE PROJECTS

All Eligible Projects funded through this Round of the Program **shall be in the Documentary or Children and Youth genres.**

All Eligible Projects funded through this Round of the Program **shall be in the same language** as the projects used to determine the Applicant's minimum gross sales requirement set out in section 3.1 above.

An Eligible Project in this Round of the Program is a French- language Project that meets all applicable section 3.2 criteria and subsections. The CMF recognizes that projects at the development stage are necessarily nascent, evolving works that may not strictly comply at application with all requirements of section 3.2 and its subsections. As such, TV Components must be reasonably intended to comply with the three Essential Requirements (see section 3.2.TV.1), as appropriate to each category of production and programming genre, as set out in [Appendix A](#), plus all other requirements of sections 3.2.TV.1 through 3.2.TV.4.

Eligibility for funding in this Program does not guarantee Applicant or Project eligibility for further CMF development funding or CMF production funding.

A maximum of 3 Eligible Projects can be developed with funding from this Program.

3.2.TV The Television Component

A Television Component of an Eligible Project must be linear audiovisual content that meets the following requirements (that are further explained in this section):

- the CMF's Essential Requirements;
- the CMF's Genre requirements for Children and Youth or Documentary (as set out in [Appendix A](#));
- ownership and control requirements; and
- miscellaneous requirements.

The Television Component of an Eligible Project must be developed as a Canadian production or intended as an audiovisual treaty coproduction. A Canadian writer must be involved in all stages of development. For Television Components meant for Canadian audiovisual treaty coproductions, the active creative contribution of a Canadian writer is required.

The Applicant must have acquired all rights and options to the Television Component, exclusive for at least 24 months, which are necessary for the adaptation of the original work or concept, the scriptwriting, the production and worldwide distribution.

3.2.TV.1 Essential Requirements

A production must meet the Essential Requirements listed here. For a series, the Essential Requirements apply to every episode of the cycle, even if all episodes are not submitted for CMF funding. The CMF solely decides whether or not a project meets the Essential Requirements and its interpretation shall prevail.

- 1) The TV Component will be certified by the Canadian Audio-Visual Certification Office (CAVCO) and has achieved 10/10 points (or the maximum number of points appropriate), as determined by the CMF using the CAVCO scale.
- 2) Underlying rights are owned, and significantly and meaningfully developed, by Canadians.
- 3) The TV Component is shot and set primarily in Canada.

Further details on these Essential Requirements and permissible genre-specific exceptions are in [Appendix A](#) of these Guidelines. This Appendix includes other important information and is an integral part of these Guidelines.

3.2.TV.1.1 Audiovisual Treaty Coproductions

With respect to the CMF eligibility of audiovisual treaty coproductions, these Essential Requirements shall be interpreted so as to treat the coproduction partner as “Canadian.”

Accordingly, the term “Canadians” in Essential Requirement 2, and the term “Canada” in Essential Requirement 3 include the coproduction country. The 10/10 points referenced in Essential Requirement 1 must be attained by citizens of Canada or the coproducing country.

The CMF recognizes that projects at the development stage are necessarily nascent, evolving works that may be unable to strictly comply at application with all of the requirements of Section 3.2.TV.1. As such, TV Components must be reasonably intended to comply with the Essential Requirements, as appropriate to each category of production and programming genre, as set out in [Appendix A](#), plus all other eligibility requirements that may be applicable to development and, in the CMF’s discretion, comply with the spirit and intent of the Guidelines.

For information on audiovisual treaty coproduction between Canada and other territories, please see [Telefilm Canada’s treaty coproduction guidelines](#).

3.2.TV.2 Genres of Programming

The CMF supports the following genres in this Round of the Program: Documentary and Children’s and Youth programming. The CMF defines each in [Appendix A](#) of these Guidelines.

The following is a non-exhaustive list of genres and programming formats that are not eligible to apply to the CMF: sponsored productions, sports, news, game shows, current affairs, public affairs, lifestyle productions, “how-to” productions, reality television, instructional television, infomercials, music videos, formal or curriculum-based educational programs, foreign format buys without significant Canadian adaptation and creative contribution, magazine productions, talk shows, “talkshows culturels,” non-cultural galas and award shows, reporting and current events, religious programs, fundraising productions, benefits, tributes, promotional productions, pep rallies, travelogues and interstitials.

For clarity, returning series and purchased formats are not eligible for funding through this Program.

Note: Some flexibility exists for children’s and youth programming. See [Appendix A](#) for more information.

3.2.TV.3 Canadian Ownership and Control

The Television Component must meet these criteria:

- a) It is under Canadian ownership and Canadian executive and creative control.

- b) It is under the financial control of Canadian citizens or permanent residents.
- c) It is, and has been, controlled creatively and financially by a Canadian production company during all stages of development.
- d) Generally, no more than 49% of the development financing is provided by a single non-Canadian entity, person or related entity. Interim lending of more than 49%, however, may be provided by a non-Canadian arm's-length entity in the business of lending money and taking security.
- e) The Applicant retains and exercises all effective controls or approvals necessary for the production of the Project. This includes control and final approval of creative decisions and financing, distribution and exploitation, and preparation and final approval of the budget, subject to reasonable and standard approval rights customarily required by arm's-length financial participants, including Canadian Broadcasters and distributors.
- f) The Applicant owns all rights (including copyright) and options necessary for the development, production and its distribution in Canada and abroad and retains an ongoing financial interest in the TV Component.

Note: The interpretation of these criteria shall allow Canadian audiovisual treaty coproductions to access the CMF.

3.2.TV.4 Miscellaneous Requirements

The Television Component must meet these criteria:

- a) It conforms to the Canadian Association of Broadcasters' (CAB) Code of Ethics and to all programming standards endorsed by the Canadian Radio-television and Telecommunications Commission (CRTC), including the CAB Violence Code and the CAB Equitable Portrayal Code.
- b) When working with First Nations, Métis and Inuit communities, cultures, concepts and stories, the CMF encourages all Applicants to respect the guiding principles and best practices set out in the [On-Screen Protocols & Pathways Media Production Guide](#).
- c) The CMF encourages all Applicants to implement more environmentally-sustainable practices and cleaner technologies – and to reduce the use of unsustainable resources – in the development, production and exploitation of their Projects.
